

INVESTMENT OBJECTIVE

The Fund seeks total return.

ABOUT THE FUND

The Quantified Tactical Fixed Income Fund management strategy is to combine numerous computerized strategies to create a multi-strategy, dynamically risk managed methodology for trading government and high yield bond market indexes represented in the ETF and futures markets. Swaps and futures may be utilized to achieve leveraged and inverse positions in either market.

*Inception date: 9/13/2019

The performance data quoted represents past performance. Past performance does not guarantee future results. Investment return and principal value will fluctuate, so that shares, when redeemed, may be worth more or less than their original cost.

Current performance may be lower or higher than the performance data quoted and assumes the reinvestment of any dividend or capital gains distributions. To obtain performance data current to the most recent month-end please call toll free 888.572.8868 or access www.quantifiedfunds.com.

The Bloomberg U.S. Aggregate Bond Index measures performance of the total U.S. investment grade bond market. It is a market value-weighted index that tracks the daily price, coupon, pay-downs, and total return performance of fixed-rate, publicly placed, dollar-denominated, and non-convertible investment grade debt issues with at least \$250 million par amount outstanding and with at least one year to final maturity.

It is not possible to directly invest in any index.

ADVISORS PREFERRED

An investor should carefully consider the investment objectives, risks, charges and expenses of the Quantified Funds before investing. This and other information can be found in the Funds' prospectus and summary prospectus, which can be obtained by calling 1-855-650-7453. The prospectus should be read carefully prior to investing in the Quantified Funds.

High portfolio turnover may result in higher transaction costs and higher taxes when fund shares are held in a taxable (non-qualified) account. Such costs are not reflected in annual fund operating expenses and may affect the Fund's performance.

There is no guarantee the fund will achieve its investment objective. There is no guarantee that any investment strategy will generate a profit or prevent a loss.

An investment in the Fund entails risk, including loss of principal.

Risks specific to investing in the Quantified Tactical Fixed Income Fund include: Subadviser's Investment Strategy Risk, Active and Frequent Trading Risk, Aggressive Investment Techniques Risk, Counterparty Risk, Credit Risk, Derivatives Risk, Interest Rate Risk, Leverage Risk, Lower-Quality Debt Securities Risk, No History of Operations Risk, Non-Diversification Risk, Risks of Investing in Other Investment Companies (ETFs and mutual funds), Shorting (Inverse) Risk.

Flexible Plan Investments, Ltd. serves as subadvisor to the Quantified Funds, distributed by Ceros Financial Services, Inc. (Member FINRA/SIPC). Flexible Plan Investments, Ltd. and Ceros are not affiliated.

Advisors Preferred, LLC serves as investment advisor to the Quantified Funds. Advisors Preferred is a commonly held affiliate of Ceros. Gemini Fund Services is the transfer agent to the Funds and is not affiliated with the advisor, subadvisor or distributor.
