

INVESTMENT OBJECTIVE

The Fund seeks high total return from alternative investment vehicles on an annual basis consistent with a high tolerance for risk.

ABOUT THE FUND

The Quantified Alternative Investment Fund dynamically manages a ranked portfolio of alternative investments with the diversification and liquidity traditionally available only to hedge funds. Historically, these alternative investment choices, consisting of both asset classes and alternative strategies, have been non-correlated to the broad markets. The fund seeks to provide a portfolio with both risk management and upside potential.

ADVISORS PREFERRED

An investor should carefully consider the investment objectives, risks, charges and expenses of the Quantified Funds before investing. This and other information can be found in the Funds' prospectus and summary prospectus, which can be obtained by calling 1-855-650-7453. The prospectus should be read carefully prior to investing in the Quantified Funds.

High portfolio turnover may result in higher transaction costs and higher taxes when fund shares are held in a taxable (non-qualified) account. Such costs are not reflected in annual fund operating expenses and may affect the Fund's performance.

There is no guarantee the fund will achieve its investment objective. There is no guarantee that any investment strategy will generate a profit or prevent a loss.

An investment in the Fund entails risk, including loss of principal.

The Fund presents some risks not traditionally associated with other fixed income mutual funds. Risks associated with the Quantified Alternative Investment Fund are detailed in the prospectus and include active and frequent trading risk, aggressive investment techniques, asset-backed securities risk, commodity risk, counterparty risk, credit risk, derivatives risk, including futures and forward contracts, hedging, options and swap risks, equity securities risk, foreign securities risk, holding cash risk, interest rate risk, leverage risk, lower quality debt securities risk, prepayment risk and mortgage backed securities risk, risks relating to investing in other investment companies, including ETFs, shorting (inverse) risk, and risks associated with the subadvisor's investment strategy. For complete details regarding the risks and expenses of the Fund, please refer to the prospectus.

Flexible Plan Investments, Ltd. serves as subadvisor to the Quantified Funds, distributed by Ceros Financial Services, Inc. (Member FINRA/SIPC). Flexible Plan Investments, Ltd. and Ceros are not affiliated.

Advisors Preferred, LLC serves as investment advisor to the Quantified Funds. Advisors Preferred is a commonly held affiliate of Ceros. Gemini Fund Services is the transfer agent to the Funds and is not affiliated with the advisor, subadvisor or distributor.
